### From the A5 West

Travelling from the Oswestry and the north-west direction, you will approach the “Dobbies” roundabout which is trafficlighted at the junction of the A49, and you will need to take the third exit signposted: A49 Leominster and Hereford

### From A49 Northbound

Go through the village of Dorrington and travel approximately another 3 miles before turning right (sign-posted: Condover)

### Entering Condover village

After about a mile you will enter the village and pass the primary school on your right. Continue straight on and take the first left-hand turn directly after the village hall. You will see a sign-post for Condover Hall at that junction, directing you to turn left

Take this road past ‘Bert’s Butchers’ (on the left) and you will then pass the Church on the right hand side

You will follow a walled section of the road, and after the wall section ends, there is a right hand turn into the entrance of Condover Hall through a large archway.

The entrance through the archway is quite tight but vehicles can pass through with ease. If you are not comfortable driving through the archway, continue down the road and there is a delivery entrance on the right hand side.

We have a bollard/ barrier traffic control system which is controlled by pressing the buzzer on the right hand side to contact Reception. The person at Reception will then lower the bollard or lift up the barrier.

The onsite speed limit is 10 mph
